

CHINESE WALL POLICY

1. Purpose

AKSAN Capital Advisory Private Limited (the "Company") has adopted this Chinese Wall Policy to ensure strict segregation of sensitive information and to prevent any actual, potential, or perceived conflict of interest in the course of its Merchant Banking and related business activities. This Policy is adopted pursuant to the requirements of the SEBI (Merchant Bankers) Regulations, 1992, and the SEBI (Prohibition of Insider Trading) Regulations, 2015.

2. Applicability

This Policy applies to all Directors, the Principal Officer, the Compliance Officer, and all employees of the Company engaged in the Company's merchant banking and related business activities.

3. Key Provisions

3.1 Information Barriers

The Company shall establish distinct functional areas to separate its advisory, capital raising, research, and other business activities, ensuring that Unpublished Price Sensitive Information ("UPSI") does not flow across such divisions without appropriate authorisation.

3.2 Access Control

Access to sensitive or confidential information shall be restricted to authorised personnel on a strict "need-to-know" basis only. Role-based access restrictions and ongoing monitoring shall be implemented to ensure that information is accessible only to those directly engaged in the relevant transaction or mandate.

3.3 Physical and Electronic Safeguards

The Company shall maintain, where applicable, separate workspaces, restricted IT system permissions, and secure communication channels to uphold the confidentiality of sensitive information and prevent unauthorised access or disclosure.

3.4 Compliance Oversight

The Compliance Officer shall be responsible for monitoring adherence to this Chinese Wall framework on an ongoing basis, and shall maintain a record of all instances of "wall-crossing" - that is, any authorised sharing of confidential information across functional divisions - including the basis on which such wall-crossing was permitted and the personnel involved.

3.5 Wall-Crossing Procedure

Any wall-crossing shall require the prior approval of the Compliance Officer, who shall satisfy himself/herself that such sharing is necessary for a legitimate business purpose and does not result in any violation of applicable SEBI regulations, including the SEBI (Prohibition of Insider Trading) Regulations, 2015. A written record of each wall-crossing instance, including the date, the information shared, the personnel involved, and the rationale, shall be maintained by the Compliance Officer.

3.6 Fair Market Conduct

This Policy ensures that decisions relating to advisory, underwriting, or investment services rendered by the Company are taken independently, on their own merits, and free from the influence of any other business function or division of the Company.

3.8 Employee Acknowledgement

All employees with access to confidential or sensitive information shall be required to acknowledge and confirm their understanding of, and compliance with, this Chinese Wall Policy as part of their terms of engagement with the Company.

4. Consequences of Breach
